

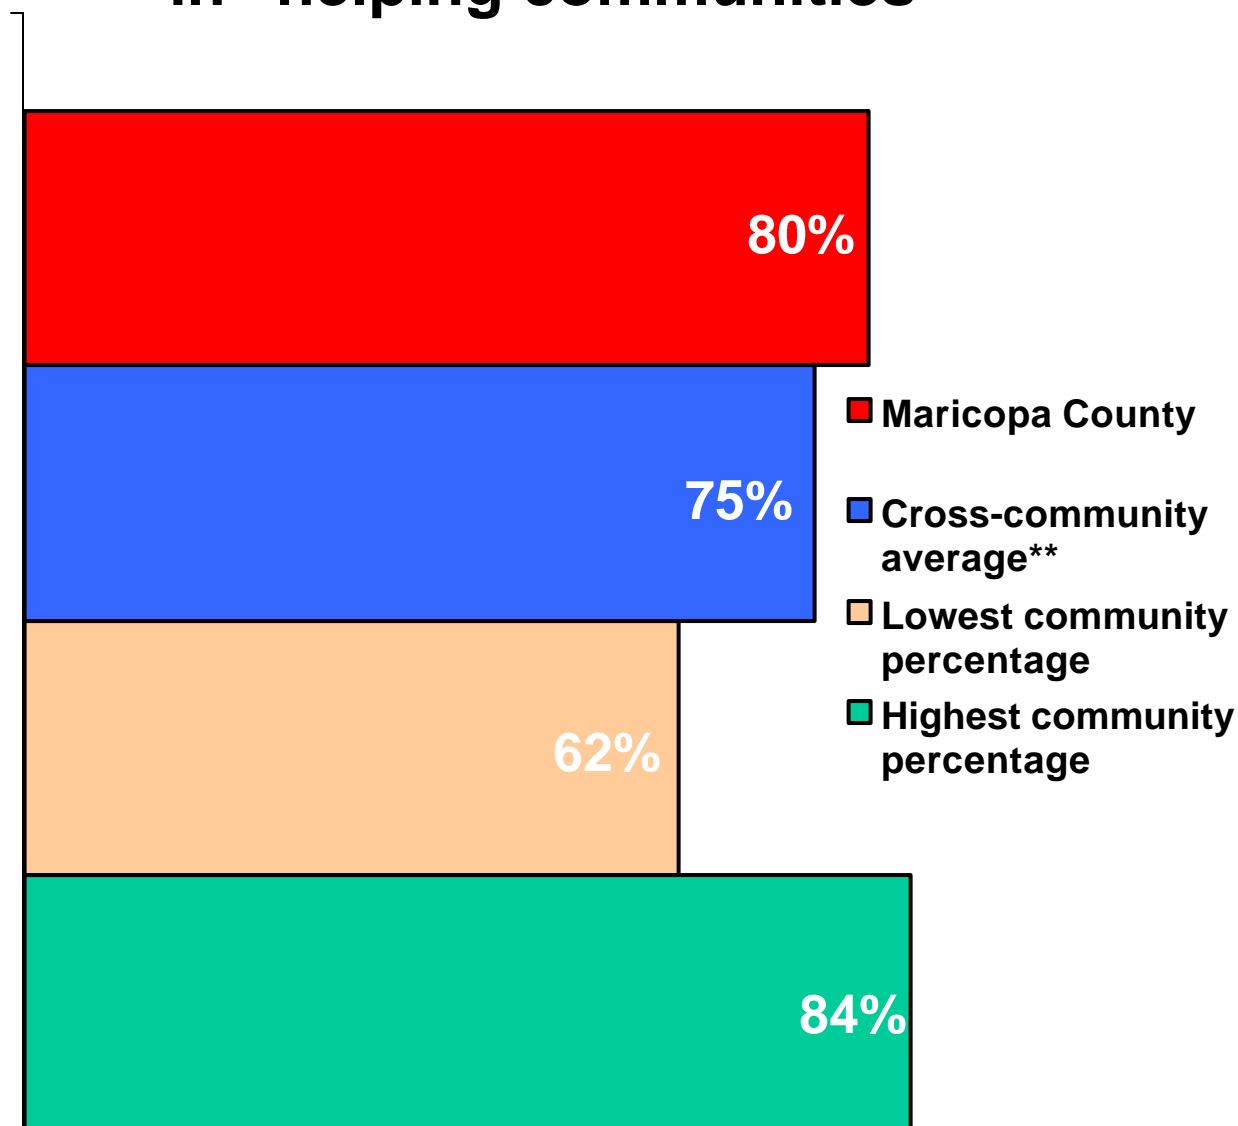

Figure 32.5

ALL-COMMUNITY COMPARISON **Percentage of people age 65+ who live in “helping communities”***

**Percentage of people who “agreed” with all three
statements about helping communities*****

*People were asked whether they strongly agree, agree, disagree, or strongly disagree with the following 3 statements: “Most people in this neighborhood are basically honest and can be trusted”; “If I have a problem there is always someone to help me in this neighborhood”; “Most people in this neighborhood are willing to help if you need it.”

**The cross-community average was obtained by calculating the percentage for each separate community, then summing these percentages and dividing by the total number of communities.

***Percentage of people who “Agreed” includes those who said they “Strongly agree” and those who said they “Agree.”
