

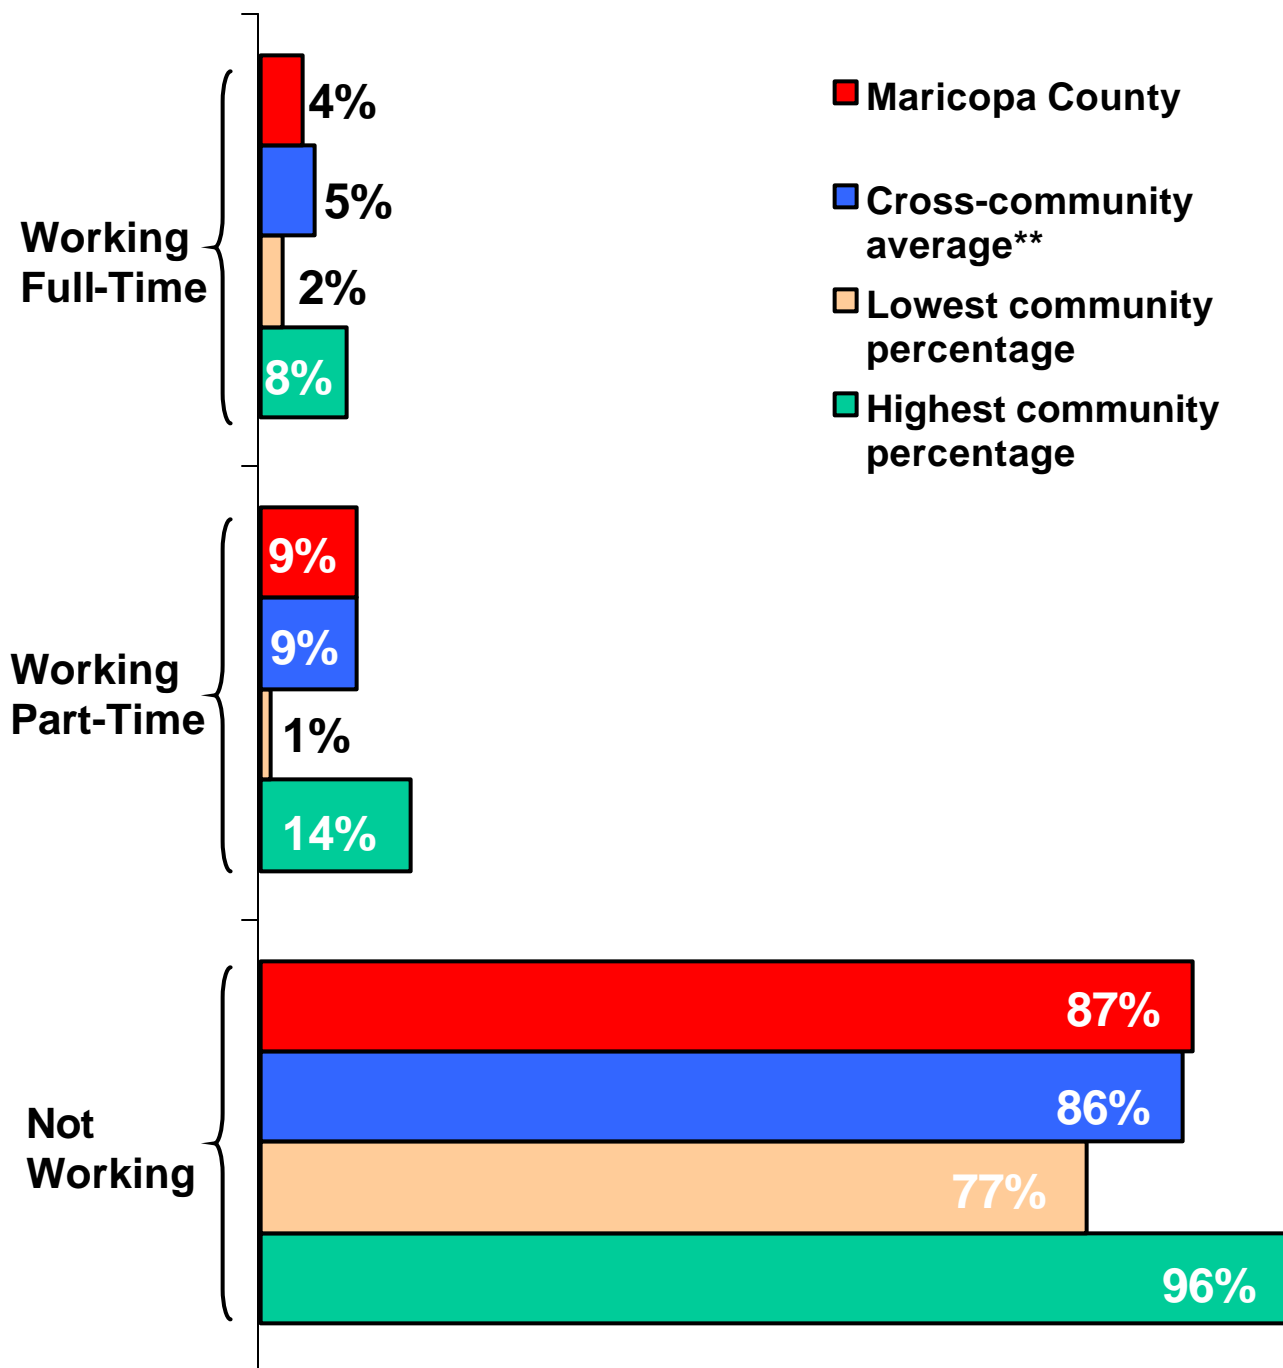

Figure 33.4

ALL-COMMUNITY COMPARISON

Percentage of people age 65+ who are currently working/not working*

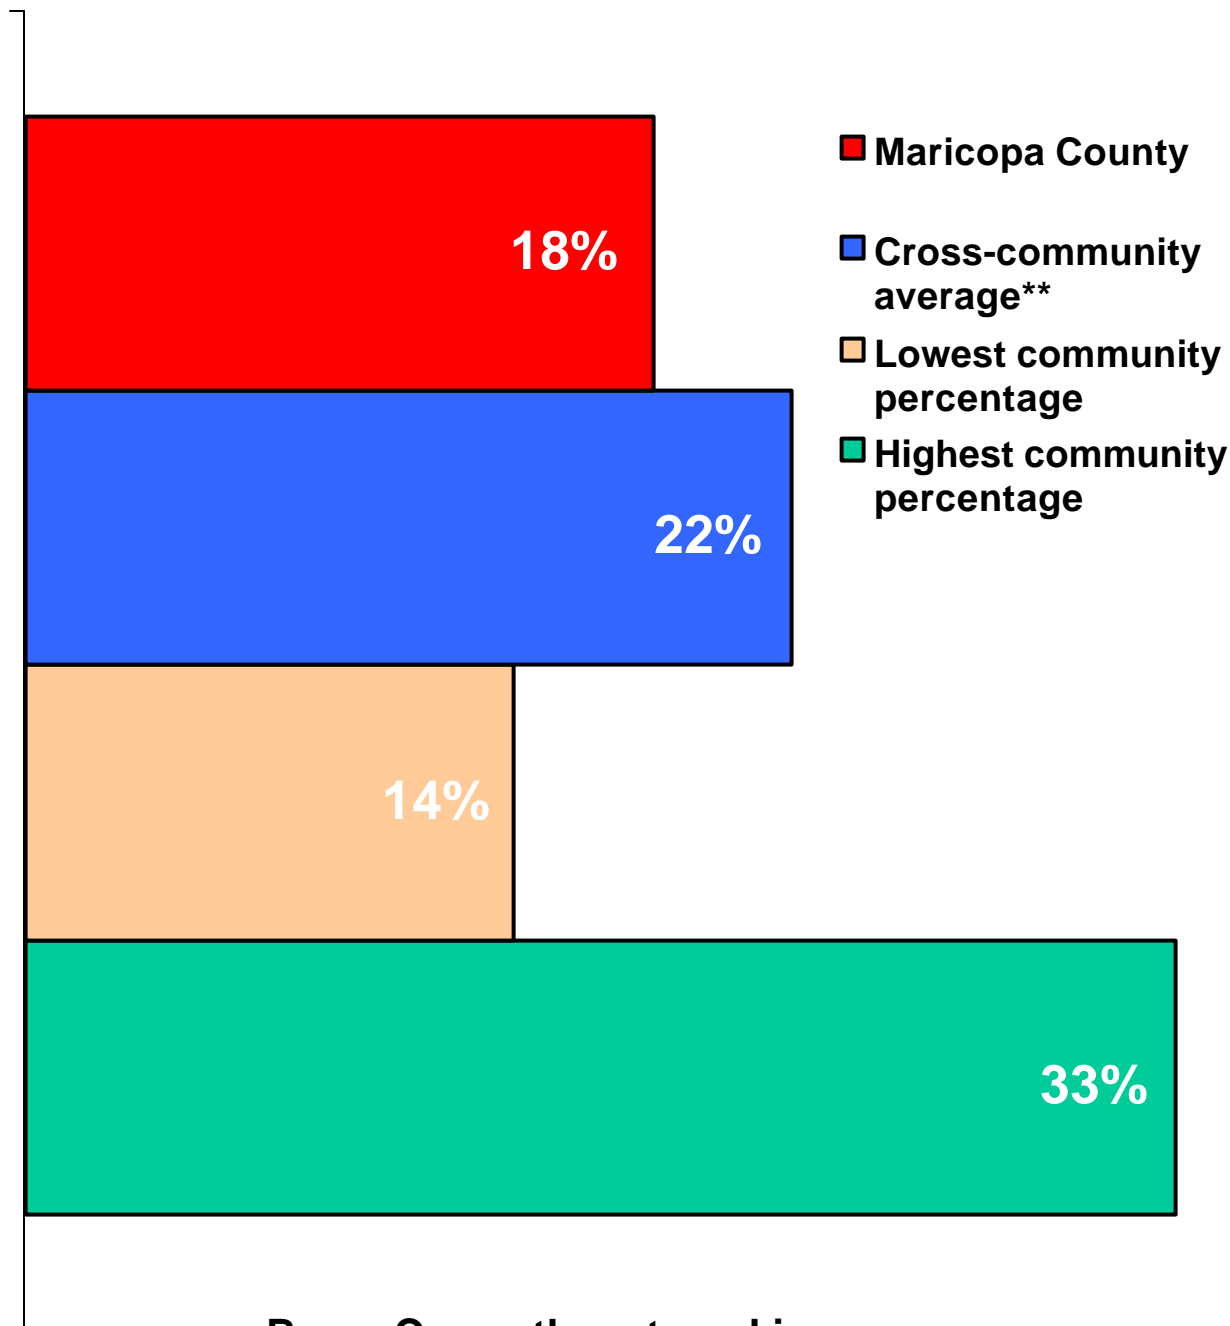

*People were asked what their current employment status is.

** The cross-community average was obtained by calculating the percentage for each separate community, then summing these percentages and dividing by the total number of communities.

Figure 33.5

ALL-COMMUNITY COMPARISON

Percentage of people age 65+ who would like to be working for pay*

Base: Currently not working

* People who were not working were asked whether they would like to be working for pay.

**The cross-community average was obtained by calculating the percentage for each separate community, then summing these percentages and dividing by the total number of communities.
